COURT HOUSE AT WAYNE BURNED TO THE GROUND

Vaults Protect All Valuable Records, Except the As- sessment Lists.

The Wayne county, W. Va., court house, was destroyed by fire early Sunday morning, October 2.

The fire proof vaults withstood the flames, saving all the records therein. The assessment lists were in the sheriff's office and were lost. This is the most serious loss sustained in the way of records. It will necessitate taking the lists over again. Ceredo and East Lewis district had already received their completed tax books and they will not have to be re-assessed.

The fire is thought to have been of incendiary origin. A bloodhound was brought to the scene promptly and picked up a trail leading to a point outside of town, where automobile treads showed that a car had turned around. A reward of \$5000 has been offered by the court for the capture and conviction of the guilty party or parties. The flames started either in the auditorium on the second floor or in the county clerk's office.

C. W. Ferguson, county attorney, lost a law library worth three thousand dollars insured for \$1000.

The county engineer's instruments and a lot of plans were burned.

The Odd Fellows hall has been designated for use as a court house. The records are in the jail and are being closely guarded.

The property loss is estimated at \$100,000 to \$150,000. The building was erected in 1898 at a cost of about \$50,000. Costs now are so much higher that the building could not be replaced for double that figure.

An emergency levy will probably be laid to erect a new building.

Mrs. M. G. Berry Passes to Her Eternal Reward

Mrs. Julia Moore Berry died at her home in Louisa Tuesday morning, October 4 about five o'clock. She suffered a slight stroke of paralysis a few years ago from which she never entirely recovered. For the past few weeks she had been confined to her home. The announcement of her death brought sorrow to her kindred and friends. She had been a resident of Louisa many years and had endeared herself to the people of the town and community by her christian character and upright life.

Mrs. Berry was 65 years of age. She was the daughter of Nell Moore. She was married to Mr. M. G. Berry Oct. 5, 1879, the day of her funeral being on the forty-second anniversary of their marriage. She was converted in early girlhood, since which time she had been a devoted christian and faithful member of the M. E. Church South, always prompt in attendance at church and active in Sunday school and missionary service. Of her it may truly be said that she was a good woman.

Their only children, Nora and Alta, died when about 20 years of age. The former married Herbert Carr and lived in New York at the time of her death. Both the daughters sleep in Pine Hill cemetery where on Wednesday afternoon the body of the mother was laid to rest beside them.

Funeral services, attended by many relatives and friends, were held at the M. E. Church South at one o'clock by Rev. J. D. Bell and Rev. H. B. Hewitt. Scripture lessons were read by each and the sermon was preached by the pastor, Rev. Bell from Psalms, 16 chapter, 5 verse, it being the request of Mrs. Berry that he use that text. He said that the Lord always before him, because he is at my right hand, shall not be moved.

The hymns used were "Rock of Ages," "How Firm a Foundation" and "In the Sweet By and By."

WAYNE FAIR CLOSES.

The county fair held last week at Wayne, W. Va., was a great success. It was attended by a large crowd of people from near-by towns. Boyd Adams was in charge of the first day, W. Peters, the second, and W. D. Click, the third. On the first day there were cool and farm exhibits. On Thursday, the second day, there were special features, such as school and club exhibits and girls had a miscellaneous exhibit of compositions, specimens of cooking and farm products. On Wednesday night a washer was given by Mrs. Henry G. Taylor, of Ferguson, W. Va. Thursday night some were given away and the last day a Ford touring car was won by Madge Staley, daughter of Walter Staley of Buffalo, W. Va.

BUSSEYVILLE GIRL DIES.

Maude Hughes, aged ten years, died at Busseyville after an illness of two days. Quinsy was the cause of death. She was the daughter of Hughes.

H. B. Hewitt of this place conducted the funeral service. Burial in family graveyard.

MARRIAGE LICENSES.

ley Borders, 20, of Patrick, to Ray Castle, 17, Ulysses.

Son Recovers Father's Civil War Saber

A few days ago James Harshbarger came over to Louisa from Milton, W. Va., on a very unusual mission. He had learned that Mr. J. W. Yates had a saber that was taken from his father, Captain John Harshbarger in 1863. He came to see if he could get it, and to learn the incidents of the capture. He found that Mr. Yates, as a Confederate soldier, had captured Captain Harshbarger, a Union man, and after relieving him of his saber, pistol and horse, turned him loose.

The two men grew up in the same neighborhood, near Barboursville, W. Va., and enlisted in opposite armies. At the time of the capture Mr. Yates was on furlough and visiting home folks, while his regiment was in Raleigh-co., more than 100 miles away. He was ready to return to duty and wanted a horse to carry him back. On this particular day Mr. Yates concealed himself near the road, hoping to catch a straggling Union soldier with a horse. Capt. Harshbarger came along alone and well mounted. Mr. Yates stopped out and ordered him to surrender and he did so. They then recognized each other and Capt. Harshbarger told his captor that his company was coming just a short distance behind. Mr. Yates hurriedly marched him into a deep ravine and waited until the company passed. Then he mounted the horse and told the Captain to return to his company on foot. The Union soldiers were on their way to Charleston, after having been stationed for some time at Barboursville and Capt. Harshbarger had galloped on ahead to have a short visit with his mother by the time the company could arrive.

Mr. Yates very magnanimously gave the saber to Mr. James Harshbarger, who is greatly delighted with the gift. His father died ten or twelve years ago. Mr. Yates is 54 years old very active, and his memory is excellent.

MRS. MARY J. EVES KILLED BY TRAIN

Mrs. Eves died on Monday night from the injuries described below. The funeral was held Wednesday from the home of her daughter, Mrs. Florida Hackworth. Mrs. Eves was a sister of Mrs. Lydia Atkins, of Louisa, and W. A. Holt, of Ceredo. She lived in Louisa for many years.

The following is from Monday's Ashland Independent:

"Mrs. Mary J. Eves, 52, is in a serious condition at the King's Daughters' hospital in Ashland. She was struck by a C. & O. passenger train at Sixteenth street, Ashland, Monday afternoon.

Mrs. Eves had gone on the tracks when she saw an east bound switch engine approaching. She stepped on the west bound track only to be struck by the passenger train. She was thrown from the track and hit on the head. It is believed she suffered concussion of the brain.

Emergency rushed to her aid and called an ambulance which took her to the hospital.

Fears were expressed that she would not recover because of her advanced age.

Mrs. Eves lives on west Lexington near Fifteenth street. She is the mother of Mrs. Grace Rice, Mrs. J. T. Hackworth and Mrs. V. E. Ferguson.

There are no gates or watch tower at the railroad crossing at Sixteenth street. It is believed the woman did not see any train approaching toward the west, as the switch engine cut it off from view.—Ashland Independent.

YOUNG MAN HAS A LEG CUT OFF

Harper Preston, young son of Eugene Preston, near Richardson, had the misfortune to lose a leg last Sunday while trying to get on a moving coal train at Chapman. He was wearing new shoes and the slick sole caused his foot to slip off of the strap. The wheel cut his leg off between the knee and ankle. He was brought to the hospital at Louisa, where the injury was dressed.

Harper was a member of the Richardson baseball team. They started here on a motor boat, but at Chapman they left the boat and got aboard a passing train.

Convicted Weeksbury Officials Get a New Trial

Frankfort, Ky., October 4.—S. A. Collins and Jerry Hager, Town Marshal and Police Judge, respectively, of Weeksbury, sentenced to serve 21 years in prison for the murder of Jerald Richmond, to-day were granted a new trial by the Court of Appeals. The court held that the instructions of the trial court were not correct.

REV. L. P. KIRK VISITS HIS OLD HOME

Rev. L. P. Kirk, the well known evangelist is visiting friends and relatives at his old home at Inez. Rev. Kirk now lives at St. Albans, W. Va., and will be engaged in evangelical work during the coming year. He has many friends here and elsewhere who are his well-wishers for the success of his life work.—Warfield Advertiser.

TENNESSEE MEN GET ROAD WORK IN SANDY VALLEY

Mayo Trail in Lawrence and Pike County Job, Will Start Soon.

On Thursday morning of last week the Big Sandy News wired the State Road Department at Frankfort to learn who got the contract for the Lawrence and Pike county road work. The message giving the information arrived after a part of our edition had been printed, but we stopped the press and put the item into the remainder of the edition.

R. G. Hill & Co., of Knoxville and Tazewell, Tenn., were lowest bidders on the 18 miles of Mayo Trail in Lawrence from Louisa to the Boyd county line. Their bid is \$246,114.00. The contract requires the work to start in this month, and a schedule is laid down for the minimum amount of work to be completed in each month. Five per cent in the requirement of the November, and this is the smallest for any one month. The job is to be done by December 31, 1922.

The contract is for grading, drainage and bridges.

The Pike-co., 10 miles, on the Pikeville-Williamson road, was awarded to the Dempster Construction Company of Knoxville, the price being \$246,345.00.

District Attorney Slattery Refuses to Resign

Thomas D. Slattery, United States District Attorney at Covington, has refused a second time to resign his office and expects to hold the place unless President Harding exercises his prerogative and dismisses him. It was learned yesterday.

Dispatches from Washington indicated that the Department of Justice had sent a second request to District Attorney Slattery requesting his resignation, declaring it to be a matter of "expediency." It was indicated that he would be given ten days in which to answer and if no answer was received "other action would be taken to force his resignation."

Mr. Slattery, commenting on the request, said he refused several weeks ago, when the first request was received, and had written to the department a few days ago, again declining to resign, in response to the second request. He contends that it has been the law and custom for an appointee to serve out his term, which in this case does not expire until next May 23, and by reason of courtesy, next July 1.

"In my letter to the Attorney-General, I said I realized that the President had the power of declaring a vacancy in the office without having to prefer any charges, and if he saw fit to take this action, he could do it for I would not resign," Mr. Slattery said. Mr. Slattery said that Governor Edwin P. Morrow served 16 months in the Democratic term before he assumed the office of Governor of Kentucky.

COURT ORDERS NAMES ON BALLOTS

Lawrence County Nominees Win in Suit Against County Clerk.

In the Lawrence Circuit Court Saturday Judge Ciscó decided in favor of the plaintiffs in the suit of W. A. Arrington and others against D. B. Adams, County Court Clerk, to require their names to be printed on the ballots.

W. A. Arrington, H. B. Hewlett, V. B. Shortridge, Add Skeens and Silas Jobe failed to file their certificates of nomination within 45 days before the election.

They filed two or three days after the time, and the Democratic county committee met and named them as nominees, and under this authority they filed also.

The suit was brought to settle the technical defect. The case was taken to the Court of Appeals and is now under consideration. A decision is expected on Friday or Saturday of this week. C. F. See is the defense attorney, and John W. Woods is in charge of the case for the candidates.

Martin County Man Paroled in 5 Months

Frankfort, Ky., Sept. 30.—Everett Stepp, convicted in Martin-co., at the April term of the circuit court, and sentenced to serve two years for manslaughter, was paroled today by the State Board of Charities and Corrections.

KEATON FIELD EXTENDED. Oil wells on Bud Skaggs and Otto Johnson's farms south of the field on upper Blaine and Keaton shows an extension of about three miles. This is of tremendous importance, as it adds hundreds of thousands of dollars to the wealth of the field.

Included in the indictments made at the present term of court are several cases of parents who do not keep their children in school. There is a compulsory education law and this looks like it is to be enforced.

Many Indictments In Boone County, W. Va.

Madison, W. Va., Oct. 1.—Nearly 100 indictments were returned here yesterday by the Boone county special grand jury investigating the march of armed men recently through Boone county toward Logan with the avowed intention of reaching Mingo county.

According to H. W. B. Mullins, Prosecuting Attorney, most of the indictments were for violation of the "pistol toting" law; some for insurrection and others for "moonshining" and robbery. The grand jury will continue its investigation today.

Federal soldiers from Fort Thomas, Ky., and Columbus Barracks, Ohio, and air-service men, brought into West Virginia during the troubles on the Boone-Logan county border, were ordered yesterday to return to their home posts. They will depart Monday. The Nineteenth Infantry, ordered to Camp Benning, Ga., last week, will leave today. The airmen will return to Langley field.

Approximately 500 troops of the Tenth Infantry and the Fortieth Infantry will remain on duty on the Southern West Virginia coal fields.

John Collins, charged with complicity in the "shooting up" of the town of Mohawk McDowell-co., was found guilty of the charge by a Greenbrier county jury at Lewisburg yesterday. Sentence was deferred. The court immediately ordered another jury impaneled to try John Caudle, who is under indictment in connection with the same case.

The late Sid Hatfield and Ed Chambers, who were killed in a gun fight on the steps of the court house at Welch recently, had been indicted in connection with the shooting at Mohawk which followed disturbances in the Southern West Virginia coal fields in 1920.

SUDDEN DEATH OF R. A. WALKER

Death came very suddenly to R. A. Walker Tuesday evening at his home near Gallip, this county. He appeared to be in perfect health and was in unusually good spirits up to the moment he dropped dead. He was giving aid to his wife, who was suffering with headache.

Mr. Walker was 47 years old. Four children and the wife survive. He was a native of Virginia. There was no better citizen nor finer christian gentleman in the county. His death will be mourned by the entire neighborhood. He had no enemies and his influence was always on the side of right.

The body was laid to rest near the home, and the funeral was largely attended.

Pike Youth Gets 5 Years for Killing Rival

Pikeville, Ky., Sept. 30.—Frank Chapman, lovecraft youth, who killed his rival in the presence of the girl, was convicted of manslaughter and sentenced to five years here today.

When Chapman went to the home of Emma Smith, this county, the night of August 10 and found John Keeney there, he demanded that the girl decide which one she would marry.

"I do not know that I will marry either," was the girl's reply.

The youth then drew a pistol, turned on Keeney and shot him three times.

The defense was based on a plea of temporary insanity. The jury was influenced by Chapman's youth in giving him a light sentence.

SHANNON SELLS LOCKWOOD FARM

E. E. Shannon of Louisa, has sold his large farm at Lockwood station to Ed Vanhoose, of Paintsville, for \$100,000.00. This includes all the equipment, growing crops, and everything complete, with the 1040 acres of bottom and hill land. It is counted the best farm in the Big Sandy valley.

In the deal Mr. Shannon gets the Van Will hotel and two other pieces of property in Paintsville.

Mr. Vanhoose probably will move to the farm, on which there is a fine brick residence, supplied with gas, and equipped with modern conveniences. This farm includes most of the Lockwood bottom, famous for its corn production, year after year.

American League Wins Second Game of Series

Thursday's game between the two New York baseball teams resulted the same as the first game—3 to 0 in favor of the Americans. Hoyt pitched for the winners and Neff for the losers.

FISCAL COURT.

The Lawrence Fiscal Court is in session. Routine business is taking up the time of the court.

Roscoe Fugate will keep the county infirmary at \$2.40 for each adult and nothing for the children.

Dr. W. A. Rice was elected county physician.

OIL GOES UP AGAIN.

It is reported that oil has taken another advance and Somerset Light is now said to be \$1.65 and Somerset \$1.55.

MAYO TRAIL IS BEING STARTED

Contractors Are Here And a Camp is Already Under Construction

R. G. Hill & Co., successful bidders on the Mayo Trail contract from Louisa to the Boyd county line, awarded Sept. 28, are already on the ground. They will start actual work in a very short time. They are at work on a camp near the compressor plant three miles below Louisa, and men and mules will arrive by the time it is completed. This force will work both ways from that point. The "narrow" near Louisa will be one of the first places to receive attention.

Two steam shovel outfits will be put to work, one on this end of the work and the other near the Boyd county line. The machinery is being shipped from Virginia and Tennessee and will arrive very soon.

Hill & Co., are recommended as very reliable and competent contractors. That they desire to co-operate with the citizens here in every possible way is indicated in an interview we have had with them. It is their desire to finish the job as early as possible next year and that is what the people want. By pulling together this result can be extended. The prompt start they are making is a good indication and the people will welcome this action.

This company pays its men every week. With a fairly open winter they expect to keep the work going almost constantly.

City Council Orders Railroad to Pave

The city council met Wednesday night. The question of getting Jefferson street paved was brought up and as no definite results had come of the efforts to get an agreement with the railroad and the property owners by which the street could be paved, an order was made to have the C. & O. lower their tracks to the street level and pave the tracks. The easement under which the railroad occupies the street provides that the tracks shall be kept down to the grade of the streets. The company has been gradually raising the tracks for a number of years.

Engineer L. E. Wallace made a report on the survey of Italy for the purpose of laying sidewalks. The report shows Dick, Claude and Tom Wilson's property lines encroaching on the streets from 4 to 10 feet. They questioned the correctness of the report and also raised the question of whether or not the streets of Italy have ever been properly accepted by the city, and want this question cleared before they will move their fences. The city attorney was directed to look the matter up and it was passed until he makes a report. Also, the paving is to be held up until that is done. The sidewalks on the Rice and Brown additions are ordered to be laid at once.

The State aid project was ordered closed and those who had taken advantage of the opportunity to participate are to receive a part of the refund immediately. Bonds are to be issued against the remaining property.

LONESOME PINE HIGHWAY MEETING

Organization Effected For Great Appalachian Crossover Road.

"The Lonesome Pine Highway Association" was organized at Pikeville Tuesday of this week for the purpose of promoting a great paved road from the Ohio river at Ashland, through the Big Sandy Valley, Virginia and Tennessee to Asheville N. C. The greater part of the road is already approved, under construction, or completed. The object is to push it along, fill in the gaps, and cement the various roads together into one great system that will attract hordes of tourists.

The Pikeville meeting was attended by a large number from Virginia and Tennessee, and by delegates from every county touching the Big Sandy except Floyd, Ironton, Ohio, had two live delegates present. The meeting was a great success.

Hon. John W. Chalkley of Big Stone Gap, was very properly elected chairman of the meeting. He is the man with the first vision of this great project. He proved himself to be a most capable presiding officer and a great booster.

The following officers were elected: Ben Williamson, of Ashland, President.

Vice Presidents, C. H. McClung of Ohio, J. M. Allen of Virginia, M. V. Koger of Tennessee, N. Buckner of North Carolina.

W. H. Miller of Ashland, was elected secretary-treasurer.

We have not the space this week to give a full report of the meeting, but will publish it next week.

The Lawrence county delegates who attended were Dr. T. D. Burgess, Col. Jay H. Northrup, F. H. Yates and M. F. Conley.

CIRCUIT COURT.

Circuit court is busy with civil cases. This week will probably end the session. Harry Brooks was acquitted of the charge of detaining a woman.

Visit Made to North Eastern Kentucky Mines

Ashland, Ky., Sept. 22.—(Special)—With the Northeast Kentucky Coal Association through its president, Cadwalader Jones, and C. J. Neecamp, secretary, co-operating with the Ashland Chamber of Commerce, a booster trip was made last Wednesday and Thursday throughout the Northeast Kentucky coal fields on a special train of ten cars, there being more than 150 coal men and business men of Ashland and other thriving communities in the Big Sandy Valley on the special which visited some of the more important mining points so as to give those on the booster special an opportunity of becoming better acquainted with what is transpiring in the coal development of the Big Sandy Valley, the gateway to which is Ashland.

It was literally a journey of exploration for those who made the trip, a journey into a section the development of which has been rapid and where coal development is still in its infancy, because of limited railroad facilities.

Yet in the trip from Ashland to Elkhorn City in the Cumberland, the unsurpassed richness of the Big Sandy Valley and its tributaries were unraveled before the party of business men who made the trip. At mine after mine the men on the Booster's Special saw where Elkhorn By-Products and the famous Miller's Creek Block coals were being mined. A few years ago—less than two decades ago—the vast possibilities of the northeast Kentucky field were undreamed of save by one man—the late John C. C. Mayo—and even today notwithstanding a potential full time capacity tonnage of 12,752,075, the surface has hardly been scratched by business men observed, because mining is confined to one side of the Big Sandy River.

Men prominent in the coal development of the Big Sandy Valley—men who heaved the way for such development, representing now an investment of \$30,000,000—as well as those who are taking an active part in Association affairs and in advancing the interests of the industry on the Big Sandy and its tributaries were members of the party which visited the mining territory in the Big Sandy region, and they gave first hand information to the other members of the party of the wonderful possibilities of eastern Kentucky.

One of the first stops made on Wednesday, Sept. 14th, was at Louisa where there was band music and several addresses. J. W. M. Stewart and John E. Buckingham being among the principal speakers, responding to an address of welcome made by the Hon. Mr. Vinson.

The next stop on the trip was made at Prestonsburg, right in the heart of the Big Sandy Division coal field, there being several companies with mines at this point, it also being the home of George B. Archer, a member of the executive committee and treasurer of the Association.

Half an hour was spent in looking over the plants of the Consolidation Coal Company near Van Lear, where the famous Miller's Creek block is produced, this coal exciting the admiration even of veteran coal men.

At Pikeville there was an interesting program Wednesday evening, the party spending six hours there, leaving at eleven o'clock for Jenkins where the special train was parked until after the breakfast hour, when G. Smyth, manager of the Elkhorn Division of the Consolidation Coal Company delivered the address of welcome, the response being made by E. B. Hager, John E. Buckingham, B. F. Forgy and others. The members of the party were simply enchanted with what they saw at Jenkins, a mining camp of model beauty, attractiveness and neatness. At Jenkins as at other points the Rotary quartette of Ashland delighted the Boosters and all others with their songs.

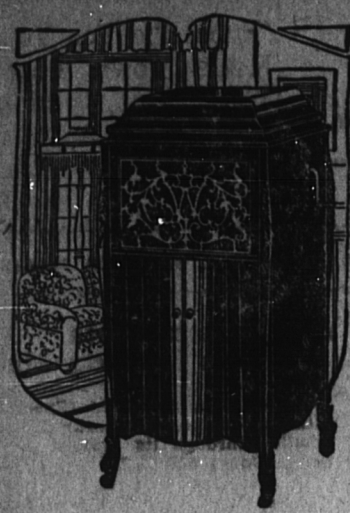

Stops were made by the special at Shelby, Elkhorn City and Auxier, the principal visit during the day being at Paintsville, metropolis of Johnson-co. R. C. Thomas, general superintendent of the Northeast Coal Company was master of ceremonies at the exercises held at Paintsville both in the afternoon and evening. The address of welcome was delivered by James W. Turner, cashier of the Paintsville National. One of the principal speakers at Paintsville was J. W. M. Stewart, who urged co-operation on the part of the people of Northeast Kentucky in standing together against a tax on coal which he asserted would be unfair in view of the fact that Northeast Kentucky was already laboring under the handicap of freight differentials, also pointing out that such a tax would accrue principally to that part of the state which had heretofore secured most of the benefits of taxation.—Black Diamond.

MISS EDNA PRESTON MARRIES IN ASHLAND

Miss Edna Preston, daughter of Mr. and Mrs. Gus Preston of Pollard and Jesse Walter of Ringo-st., Ashland were quietly married at the home of the bride, Rev. L. A. Walter, uncle of the groom was the officiating minister. After a few days Mr. and Mrs. Walter will leave for New York, Washington and other eastern points of interest and upon their return will make their home on Thirty-third-st.—Ashland Independent.

A CORRECTION.

Last week in our court news a word was accidentally omitted which reversed the facts. It said "John Cooksey and Arnold Rice were found guilty." It was intended to read "were found not guilty." The word "not" was accidentally dropped out. We regret the error and are making this correction at the first opportunity.

You'll get somewhere with a pipe and P. A.

Start fresh all over again at the beginning! Get a pipe!—and forget every smoke experience you ever had that spilled the beans! For a jimmy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. So, just pass up any old idea you may have stored away that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette! Gee—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidors with sponge moisture top.

The Russian Soviet government has announced a new issue of one million, five million, and ten million ruble bills, good only until July 1, 1922. These large bills are necessary because of the impossibility of carrying millions of rubles in small bills. At the present rate a dollar is worth a little less than 40,000 rubles.

James M. Barrie, William Orpen, Gilbert Parker, Robert Bridges, poet laureate, H. G. Wells, John Galsworthy, H. F. Dickens, son of Charles Dickens, and Lionel Tennyson, grandson of the poet, are to take part in a play to be given shortly in London, for the benefit of a library to be established at the house Dickens occupied when starting life as a bottle washer.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—"

CARDUI

The Woman's Tonic

"... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

OBTUARY

Mrs. William Riffe was born September 30, 1833 and departed this life August 26, 1921, age 87 years, 10 mo. and 26 days. She was married to Mr. William Riffe in 1850. To this union 13 children were born, 5 living, 5 had preceded her into the presence of God. She was grandmother of 53 and great-grandmother of 62, and great-great-grandmother of 4 children. She was the daughter of William and Emily Short. She was converted in early life and joined the Methodist church and has been a faithful Christian. She was a bright, shining light for God's people and the light of the world. A city that is set on a hill can not be hid.

I have visited her home often for two years past, while she was on the bed of affliction and she said she was waiting for the good Lord to take her home to glory. She was happy, often shouted and praised God.

If everybody would live the life as sister Riffe has lived they would be sure of heaven.

Relatives and friends, weep not for sister Riffe for God has a better place than this world for his people.

"Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labors; and their works do follow them."

There remaineth therefore a rest to the people of God, but not so with the wicked, but the wrath of God shall be on the wicked.

The funeral services were held at her home by the Rev. H. B. Huette and Roland Hutchison, attended by a large crowd of sorrowing relatives and friends. She was laid to rest in the family burial ground overlooking her home there to await the resurrection when the trumpet of God shall sound and the dead in Christ all rise first.

BLACK BEAUTY.

KEEP YOUNG

People with bad backs and weak kidneys are apt to feel old at sixty. Many old folks say Doan's Kidney Pills help them keep young. Here's a Louisa case:

K. F. Vinson, Prop. of boarding house Water St., gave the following statement December 4, 1912: "Whenever I have a spell of kidney trouble or rheumatic complaint, I get a box of Doan's Kidney Pills at the Louisa Drug Store Co. and just a few fix me up in fine shape. My back gets lame when I overeat and I am subject to this rheumatic trouble after taking cold. This generally strikes me in the limbs from my hips down, acting like sciatica. The kidney secretions are then too free in passage, bothering me at night. This breaks my rest. All of the symptoms disappear, however, after I use Doan's Kidney Pills and I feel like a different person—strong and active."

On December 3, 1920, Mr. Vinson said: "I have just as much confidence in Doan's Kidney Pills today as when I gave my former statement. Since then have used them a few times and they have always helped me."

Making Extraordinary Mileage a Certainty—

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—

Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.

Sept. 18, 1921

The Harvey E. Mack Co., Thirteenth & Harmon Place, Minneapolis.

Sept. 2, 1921

I submit herewith the history of a 32x4 Firestone Cord tire. This tire has run 57,000 miles. I have retrod it seven times. The average mileage to each retroding was about 8,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retroding. I am enclosing photographs under separate cover.

In this fabric tire as in our cord tires only Firestone resources and experience can provide this quality at this price.

It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire, rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been run considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

TUSCOLA

Truly has it been said "that the unexpected always happens."

Last Thursday the sun shone as bright as it can shine out of a clear sky. But a little cloud scudded across the sky followed by another and in a little while the sun was partially hidden from view. A few drops of rain began to fall even while the sun was shining and a dark cloud seemed to come up suddenly and the rain began to fall in torrents. Even the roads were transformed into small rivers. The streams began to rise so rapidly that everything was swept along with

the current. Rocks weighing tons were swept along like light material. The creeks spread from hill to hill and all corn on low land was washed away. Some of it lodged on trees, drifts or fences and was recovered but the loss to the farmers is heavy.

Our oldest citizens say that they never saw the creeks as high as they were last Thursday.

The water was all around the Olliville school house and was over the seats in the Dennis school house.

Culverts were washed out and in places roads were washed away.

J. H. Woods of Louisa was marooned here for several hours.

In spite of the disaster business seems to be about normal now.

The literary at Olliville Friday night was enjoyed by all who attended.

Rev. Flynt of Glenwood preached a very interesting sermon at Olliville Saturday night. He is a very interesting speaker and understands his subject.

We are informed that the men shipping cattle are losing on every shipment, but we notice that they come right back to be bitten by the same snake which doesn't look reasonable to one not on the inside.

It has been said "that the wind shows which way the feather floats."

There is almost a constant stream of human freight going to and from Mrs. Nona Graham's.

She must have the goods and the prices must please or some one is badly fooled. The goods are being carried off just the same.

Schools are progressing nicely in this part of the county.

After court adjourned those who went west will return.

A guilty conscience needs no accuser.

We are informed that Charley Brainerd will go to Florida this week.

We like the NEWS for not filling its columns with political stuff too nauseating to read.

Chief Justice Wm. H. Taft has begun service in his new position at Washington. This will round out a very distinguished career.

A Cincinnati grand jury has indicted 15 cement manufacturers for sticking too close together. They "set" so nicely with war prices that nobody has been able to break it up. Looks just like an old-fashioned trust.

Louisa goes right ahead with her improvements and building program, giving no heed to the cry of hard times. The street paving movement begun last year is being followed by a forward movement of a magnitude never before experienced in the same length of time.

This is a poor place just now for the pessimist, the knacker and the sorehead. Sane optimism, public spirit, co-operation, progressiveness, are the qualities in foremost places now. We've started, let's keep going.

STAR CAMPERS WRITE OF BURNAUGH CAMP

The following letters have been received by County Agent G. C. Baker from two of the star campers at Burnaugh. Lawrence county had about twice as many boys and girls in camp as Boyd county. While there about 400 visitors called. Among them were three schools and the Wayne county, W. Va., camp which was across the river.

A star camper is one who answered every roll call and obeyed all rules:

Ledoclo, Ky., Sept. 17, 1921.
Mr. G. C. Baker, Co. Agt.
Louisa, Kentucky.

Dear Mr. Baker:—Pardon my delay in writing in regard to the Burnaugh camp.

I want to say it was a grand success and am looking forward to next year hoping we members who attended this year will be able to attend next year with a larger enrollment.

With success to all the members,
I remain, your star camper,
GRATHIEL JORDAN.

Monday morning, August 22, ten boys and girls boarded the train for Burnaugh where the boys and girls H. H. H. H. club camp was held.

When we arrived at Burnaugh we carried our luggage almost half a mile and finally with aching arms and tired feet we arrived on the grounds. We were the first there and we helped to put up the tents.

Supper was the first meal served on the grounds.
We were lined up and organized into four Indian tribes, then we marched to supper.

After supper we lined up to the stakes and marched to vesper services where we had a talk by the leaders. We then marched to the campfire where we had songs and stories. At ten o'clock we went to bed.

No whispering after the whistle blew.

At 5:30 the whistle blew and we were up, dressed, washed and ready for setting up exercises at six. At 6:30 we had breakfast which was mighty good for we sure had a good cook. We then had five classes which kept us busy till dinner. At 1:30 we began playing and played till 5:30. At six we had supper. Then as on the night before we had vesper and campfires.

Three happy days of this and on the sad morning of August 26 we started for home.

Boys and girls, we must get busy and organize these clubs all over our county.

The educational value of this work is very great.

We are going to have a camp next year. Thanks to Mr. Baker and Mr. Amburgey, our county agents of Boyd and Lawrence counties.

CONVICTIONS IN PIKE.

In the Pike Circuit Court Tuesday, sentence was passed on one man for electrocution and seven others for penitentiary terms.

NOTICE TO THE VOTERS OF LAWRENCE CO., BOTH LADIES AND GENTLEMEN:

It is being rumored and circulated in this county by my opponent, Jim Walter Young, that I have had such unbecoming talk about the ladies that it is impossible for me to have printed so that you can fully understand it. However, it will be easy to understand whether it's true or not. I have traced this dirty lie to Jim Walter Young. I say it's a lie without any foundation. I defy Jim Walter Young or anyone else to prove what he has gone out and circulated.

There isn't a man in this county that has any more respect for ladies than I have. Now, listen, he claims to be a good L. O. O. F. and every Oddfellow knows the oath and obligation he has taken. Has he regarded it? No, he has strayed so far away that he is a stranger to the principals of Oddfellowship. I have gone as far down the Jericho road as ever Jim Walter Young did and even farther, for I have taken the Grand Lodge degree and I'm thankful that I have never forgotten my oath and obligation as he has done. I have traveled farther toward the east than ever Mr. Young has and I have not the least fear but what I can prove my reputation and character far above what Mr. Young is trying to get the people to believe it is. Has he acted like a good, clean, citizen? I can prove by good honest citizens that Jim Walter Young has told and circulated falsehoods on me and I intend for the people to know that it is false and untrue.

He and his cohorts have undertaken to tell the people that I belong to the town click and sit around on goods boxes and don't work. Is this true? No, he can't prove anything of that kind. There isn't a man in this county that's worked any harder than I have. I haven't been out of a job since I was big enough to carry a hoe or an ax to the field. I have worked at the very hardest of work. I have followed the cross ties from the woods to the grade and helped to lay the steel on them and then tamped them under the rails. Is that sitting around on goods boxes? Is that what the town click does? In fact is a man bright that will go around misrepresenting the truth? Trying to deceive the people. I say to you that it looks to me like there is water where there should be gray matter, commonly called brains. Isn't it a fact that a man that will go out misleading and trying to deceive the people is a cripple to one party and a disgrace to the other? My answer is, yes.

He or some of his cohorts is telling that I have promised a bootlegger deputy. No bigger lie ever came from the lips of any man.

I expect to ask the good citizens of this county for their advice in regard to this, and I promise to give the people a fair, square deal. No one only a sober, honest, upright man need to expect any place under me. I ask you as voters of this county if this isn't fair? So don't be misled by those who are trying to mislead you.

I haven't tried to deceive any one nor don't intend to. I only ask for a fair deal and for the truth to be told. Truth is mighty and it will prevail. Asking a fair consideration of the voters of this county, I remain,

Respectfully yours,
H. B. MUNCY.

GALLUP

Mrs. Addie Burgess, teacher of Trace Branch school brought her school children over to visit Gallup school last Friday.

Mrs. Wm. Belcher, Mrs. James Irwin and Mrs. Dixie Childers and other visitors were present. They were entertained by a spelling match and a ball game between the two schools.

The score was 17 to 6 in favor of Gallup. The other school beat Gallup only one in spelling. We think a holiday like this will cause the children to be more interested in school work and to see how the other schools are progressing.

The ice cream festival given here last Saturday night was largely attended with everybody having a good time. Proceeds will go to the church.

Choose from 30 New and Wholly Desirable Autumn Coats --for \$32.75

We've just unpacked them—looked them over thoroughly, and decided that they form one of the most attractive opportunities we have ever offered so early in a new season. You'll surely agree—when you see them, that \$32.75 is a very moderate price for such good garments—especially when you note the quality of the materials from which they are developed, and the modish lines that give them individuality and charm.

They're fashioned from Bolivia and fine velour in Black, Navy, Brown, Sorrento and Moose—trimmed with generous collars of Beaverette and dyed Opossum. They are lined with all silk materials and especially well tailored. Offered in all sizes from 16 to 44.

Lace Clocking Features the New Autumn Hosiery

No one ever displayed good judgment in buying cheap Hosiery. Quality and goodness are most essential to satisfactory service—and Hosiery that is serviceable as well as attractive is never cheap. Here, where we stock only those brands that have "made good," you can choose with full confidence as to their reliability.

Prominent among the newer effects are the full-fashioned, all-silk models with dainty lace clockings. They are trim, snug-fitting and very, very smart. Offered in Black, White and Cordovan. The pair, \$4.50.

EAST POINT

Mr. Edwin J. Friend died at the home of his daughter, Mrs. J. C. B. Auxier, Sunday, Sept. 25, at 10:30 a. m. age 82 years. He was the last of a family of 14 children. His parents were among the first settlers at Prestonsburg, Floyd county. At the age of 27 he was married to Miss Emma C. Sturgill. She died two years later, leaving one child. He was later married to Miss Nancy Flannery of Elliott county. To this union 3 children were born, four of whom are living. He was a graduate of Emory and Henry college of Virginia and taught school in different parts of Kentucky for about forty years. He was accounted one of the best educators in the State. In his last days he claimed he had made his peace with God and prayed for those who had so tenderly cared for him. He had been an invalid for some time before his death. His children that survive him are Mrs. J. C. B. Auxier, East Point; Mrs. J. M. Moles, Auxier; Mrs. Lewis Conley, Paintsville; Mrs. Eddie Presley, Youngstown, O., and Charley Friend of Junction City. The funeral services were conducted by Rev. Green Allen of Weeksbury, assisted by Rev. Tom Walker, after which the body was laid to rest in the old Conley cemetery at East Point. Among those who attended the funeral were Mrs. Elizabeth Goble, Mrs. Emma A. Midgely, Sam Spradlin and Charley Friend of Prestonsburg.

Dear reader, the writer has passed our three score years and once in life we had a father, mother and many loved ones, but they have crossed the last river and joined the heavenly inhabitants. They washed their robes and made them white in the blood of the lamb. They were once as we are now, inhabitants of the earth, mingling with such scenes as are common to us. They loved and longed, they hoped and feared, they wept and sung as we do, yet now are they in the vast temple of God in heaven and they serve him day and night. While they were upon earth they went forth to duty amid the heat of the summer's sun and the cold of the winter's snow. They tossed their aching heads upon a sleepless pillow and watched the weary hours go slowly away. They felt the pangs of ill-requited love, the bitterness of disappointment and the depression of physical weakness and disease. The pictures painted by hope were washed away by tears. But what a mighty change have they experienced! They are now in the "house not made by hands, eternal in the heavens." They have left the storms of earth behind them, they stand before the throne, they are pure, washed in the blood of the lamb. They are triumphant. The white robes with which they are clothed are significant of their victory; the palms they bear denote the eternal festival upon which they have entered. We must not regard the picture of the heavenly host as perfected. It has been much increased since John saw it. It is increasing now day by day. The train of the blessed as they enter heaven is an endless festal line that comes and comes and comes without cessation, they come from our households, our precious fathers, mothers, sisters, brothers, companions, children, uncles, aunts, grandparents, cousins, friends and neighbors and stand before the throne, unfolding their beauties and powers to the great eternal, as the rose bud opens to the warmth of the morning sun. Have we not a brother or sister whose sun went down before it reached the Meridian? Have we not a husband or wife who fell by the destroyer in the prime of life? Have we not a father or mother whose sainted heads were laid to rest after a full life spent in the service of the Savior? Yes, thank God, they are now among the shining ones. Oh, how we love our sainted dead, they left our homes, crossed the eternal abyss and have taken their abode and joined the heavenly choir. Sing on, dear ones, all on.

Rusty Dollars

Why let your money rust? Whenever you allow money to be idle, it is gradually rusting—not the rust that deteriorates a tin cup, but an invisible, colorless rust which absorbs your money rapidly.

We have materials in the form of Lumber, Millwork, Cement, Paints, Roofing, Builders' Hardware, Windows, Doors, etc., which you can buy at such attractive prices that this abominable rust can be eradicated.

Now is the opportune time to invest in building, as the demand for buildings is greater than has ever been known.

We handle Certain-teed Roofing in all grades, also Hanna's Green Seal Paints.

"Seeing is believing"—Come in and let us show you what fine grades of materials we carry in stock.

HOT WEATHER BEING OVER, IT IS TIME TO COMPLAIN OF THE COLD.

Poem by Uncle John

TURN TO THE RIGHT.

When you come to the place where a fork in the road busts suddenly onto yer sight, don't hesitate none as you carry yer load, but bravely march off to the right! No matter how stony or hilly the track, or how painful the travelin' appears. We're makin' this journey to never come back, as we number the mile-peaks by years. . . . The pilgrim that falters, or turns to the left, on the glitterin' path that is fraud, will wake up some mornin' to find him bereft of honor, of conscience, of God! Then turn to the right at the forks of the road—there's no other pathway so sweet. . . . The Master's approval will lighten yer load, there's a crown, when yer journey's complete.

SIGNS OF THE TIMES

HOME CIRCLE COLUMN

A COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIDE.

Like a cradle, rocking, rocking,
Silent, peaceful to and fro:
Like a mother's sweet looks dropping
On the little face below,
Hangs the green earth, swinging,
turning,
Jarless, noiseless, safe and slow,
Falls the light of God's face bending
Down and watching us below.

And as feeble babes that suffer,
Toss and cry and will not rest,
Are the ones the tender mother
Holds the closest, loves the best:
Only mothers know the cost—
Cost of love which, all love passing,
Gave itself to save the lost.

Then it is that God's great patience
Holds us closest, loves us best.
O great heart of God, whose loving
Cannot hinder be nor crossed—
Will not weary, will not even
In our death itself be lost!
Love divine! of such great loving
Only mothers know the cost—
Cost of love which, all love passing,
Gave itself to save the lost.

A great deal has been said and written about "Mother" but regardless of how much can be said or how much can be written the subject will never be exhausted. A mother's love probably comes as near the quality of God's love for us as anything we know here on earth.

It is so purely unselfish and so far from anything earthly that many who have not experienced mother love find it difficult to appreciate. Perhaps they term it foolishness or unreasonable that a mother should stand by her child through thick and thin, and that she should always be able to see in him the same innocence and guilelessness of his childhood. It may be foolish from the world's point of view, but it is a very heavenly thought though to know that there is someone in the world who believes in you to that extent. It makes you feel like buckling up and justifying that belief. And in case that "someone" has gone on to a better world, all the more reason for keeping the faith.

How are we able to measure the good which a kind or an encouraging word may do? People are getting altogether too prone to look upon a shrug of the shoulders and an "it's other's sorrows or misfortune with a none-of-my-affairs attitude. Of course, one should not force sympathy where it is not wanted, or be so profuse with it that the recipient feels overburdened, but rare indeed is the person who cannot remember times in his life when a little sympathy, a little understanding, would have saved hours and days and weeks of heartache.

So do not be too sure that another's trouble or misfortune is not your affair. Possibly when the Book of Life is opened you may find a large balance on the debit side.

It seems that the majority of people in this world are either over-confident or they lack confidence. For the over-confident nothing can be done for their very fault makes them heedless to anything you might say. They are so sure that they know much more about it than you for an over-confident man is always a conceited man.

But for those who lack confidence the thing to do is to induce them that they have just as much back-bone as anyone else. Perhaps they can't feel it before it has become soft from not being used but it is there just the

The two New York baseball teams, the American League and the National League, won the pennants for this year and are now playing the world's series for the championship. The first game was won by the American League team by a score of 3 to 0. Carl Mays, formerly of Louisville, pitched for the Americans and Douglas for the Giants. Five hits were allowed by each pitcher, but the Yanks were lucky. Ruth made a two bagger but no home run. Each made four of the five hits off of

Can Farm Bureaus Solve Dairy Farmers' Problems?

E. B. Heaton, Director of New Dairy Marketing Department, Talks of Its Plans for this Newspaper.

By ROBERT FULLER
(Special Correspondence)

Chicago.—Will the American Farm Bureau Federation solve the marketing problem of the millions of American dairy farmers?

Its new Dairy Marketing Department is going to try mighty hard, and that's why there has been placed at the head of it, as director, a man who knows dairying from A to Z.

He is E. B. Heaton, the man who originated the famous slogan—"Make the Farm Feed the Cow."

Previous to his employment by the Federation he was Farm Adviser in DuPage County, Ill. Mr. Heaton has given a lifetime of intensive study to the problems of the dairy farmer.

As head of the arm Bureau Dairy Marketing Department, Mr. Heaton will devote his activities to the cooperative distribution of dairy products, to the development of organizations in unorganized territory, to advertising, standardization and grading of dairy products, to studying existing cooperative dairy marketing organizations, and to assisting in every way possible the work of the Farmers' Milk Marketing Committee of 11. Interviewed concerning his new work, Mr. Heaton said:

"The big job is to build up dairy marketing organizations. It is easy to formulate co-operative marketing plans and to enlist the support of the leaders in the various communities; the difficult task is to secure the active support of the majority of the milk-stool farmers. This applies to the whole United States.

"The work of the Dairy Marketing Department will be largely governed by the recommendations and plans formulated by the Committee of 11. It would seem that the formulating of national policies in regard to the

E. B. Heaton.

marketing of dairy products can be worked out in a national way along a few definite lines. It will not be possible to cover all of the dairy marketing problems because the marketing of raw or market milk is one that is governed largely by local conditions. It should not be difficult to carry out a definite line of marketing butter and cheese and to carry out a national policy of advertising, standardizing and grading of dairy products. If this is done in an effective way, it should be possible to take care of the unorganized territory."

PIKEVILLE

Youth Slayer Given Five Years.

Influenced, apparently, by the defendant's youth, a jury trying Frank Chapman for the murder of John Keeney, his rival for the hand of Emma Smith, in the presence of the girl on the night of August 10, found him guilty of manslaughter Friday and sentenced him to five years in prison.

Finding Keeney there when he went to call on the girl Chapman demanded that the girl decide whom she will marry. "I do not know that I will marry either of you," she replied. Chapman then drew a pistol and shot Keeney three times. The defense plea was temporary insanity.

Slayer of Son-in-Law Is Acquitted.

After several hours' deliberation, the jury in the case of Alice Little, charged with the murder of his son-in-law, Frank Younce, at his home at Shelby, a month ago, returned a verdict of "not guilty" Friday.

According to the evidence Younce went to the home of his father-in-law, and while there, corrected his child who was staying with the grandparents.

When this was resented by members of the family, Younce took his child and started to leave and an altercation arose in which the fatal shot was fired.

Jackson-Burgess.

R. L. (Bob) Burgess, who is connected with the Supply Grocery Co., of this city, was married to Mrs. Polly J. Jackson at Clintwood, Va., September 24. Mr. Burgess is 50 years old, and one of our city's most progressive business men.

Mrs. Jackson is 42 years old, and the daughter of one of Dickinson county's most popular citizens, T. K. Colly, of Berch Leaf, Va. Both of these fine people have been married before and have grown children. They arrived at Pikeville Monday afternoon and have gone to housekeeping.

Cashier Resigns.

Carl Williamson, who has been cashier of The Day & Night National Bank ever since it was organized, tendered his resignation on last Monday, which took effect at once.

CATLETTSBURG

Miss Paralee Clark Ill.

Miss Paralee Clark, who is one of the best known women in this section of Kentucky, is very ill at the home of S. M. Cecil in Pikeville, where she has her home for the past twenty years. The attending physician fears she may never recover. Miss Clark is a veteran music teacher and has followed this vocation since she was 18 years old. While she has always been able to follow her chosen vocation, yet she was educated at the Staunton, Va. school for the blind. General Robert E. Lee wrote a beautiful poem about her in 1852 while she as a young girl was a student there.

Mr. Waite Looking Fine.

Hon. Coon Waite who was operated upon the past summer is now looking fine. He has a fresh healthy color and gets around with the ease of former days. He is a veteran traveling man and has for many years been one of our splendid citizens. His illness was caused by a rat biting his finger.

Mrs. Ross Unimproved.

Mrs. W. I. Ross, who has been hovering in the shadows for so long at the home of her daughter, Mrs. Charles Pope, is unimproved. No hope for her recovery is held out. She is unconscious and there is little perceptible change in her condition from day to day.

Senior Class.

There are eighteen members of the Senior Class this year in High School. At a meeting Thursday morning, the Seniors with Mrs. Adams, who is sponsor for the class, selected their ring. Chauncey Johnstone is president of the class, Ethel Litman, Secretary and Virginia Scholze, Treasurer.

Ashland To Have New Industry.

The Imperial Ice Company, operating factories in several large cities, will erect a plant here to be ready to produce by January the first 2,500 gallons of ice cream every day. The industry was secured through the combined efforts of Dr. W. M. Sallisbury and the chamber of commerce. Actual building of this plant will begin, stated O. E. Cullins, by October 15 and will be completed together with the installation of necessary machinery by the first of the year. Sale was completed Friday of 100 by 127 feet at Twenty-third street and Central avenue for the site of the new plant.

New Hospital Superintendent.

The sisters of St. Frances will take over the operation of the Ashland General hospital from the present time on. Sister Wilfreda of Rochester, Minn., will be superintendent in charge. Three graduate nurses who accompanied her will enter on their duties Monday. Sister Wilfreda has had 17 years' experience with the Mayo Brothers at Rochester. The Gronnerud-Stevenson Clinic will continue to be operated under the direction of the doctors in charge.

Funeral Saturday.

The funeral of the late Logan Robinson, aged 26, who died Thursday night at the home of his parents at Savage Branch was held Saturday morning at 10 o'clock. Mr. Robinson had been ill for a long time of a lingering disease. He was a splendid young man, much liked by all who knew him. Interment was made in the family graveyard.

Happy Hours for the Absent One

Remember Her Who Still Dreams of the "Old Home Town"

Scattered through the cities and states are hundreds of former residents of this community whose hearts are still with us. Their interests and their homes are in the far-away spot, but the fond recollections are of Louisa and Lawrence county.

Does mother, does father live in the next state, or the next, or perhaps away out there on the Pacific coast? What so easy for them to meet with the friends of old—the folks they know best and love most—as to take the home paper regularly? Not a copy now and then, but a welcome visitor every week? In your next letter, give them the benefit of this suggestion; or, if you like, send in a subscription for them as a pre-Thanksgiving gift.

Is Bill, or Joe, or Mildred off there in the crowded city where every one is for

himself and old Nick take the hindmost? The paper from home REGULARLY EVERY WEEK will be a friend to him or her. It will call to his mind the fireplace, the scenes of people and joys of childhood, the better things of life. No young man or young woman in the city will go far wrong who is a regular reader of the news from the home community.

Come in and subscribe for the men and women and the boys and girls who have gone away from us, only temporarily, we hope.

If you cannot subscribe; if you think they would rather subscribe themselves, send them a copy of this paper with this editorial marked.

Or send us their names and we will take care of it for you.

INEZ ITEMS

The body of Glen C. Cassidy, who was killed in France during the latter part of the World War, was brought here Saturday and was buried in the family cemetery five miles south of Inez, Monday afternoon. Glen answered the call February 25, 1918 and served with distinction until October 17, 1918. He was a noble young man and had a bright future, but when his country called him he answered as many other young men did and within a short time was on the battle fields of France. The fighting for his country's flag. The whole community was shocked when they heard of his death and turned out on mass when his body was brought back to do him honor. He was survived by his father, Samuel Cassidy, and several brothers and sisters to whom we extend our deepest sympathy. He heard humanity's clear call, And knew the voice divine. He gave his life, he gave his all In deadly battle line.

WE WILL HELP YOU TO BRING JOY TO THAT ABSENT ONE

The "Home Paper" is the fondest visitor to every city dweller thrown in circumstances among tall buildings and smoky stacks; thrown among new and untold friends.

As Thanksgiving approaches, you cannot give a more welcome gift than that of a friendly old neighbor who has gone to his city or to another state, than a year's subscription to the "old home" paper. It will mean, hour's joy, an hour's return to fond recollections to him or her every week of the year—an every-week remembrance of you! And if you yourself are far from your home town, you ought to send your subscription to the paper that will give you the news of the old town.

If you think your boy or girl or friend would rather subscribe himself mark this piece and mail the paper to him. Or send us the name on the following coupon and we will do it for you:
